

20 YEARS IN ADVERTISING, MARKETING, GRAPHIC DESIGN & PHOTOGRAPHY

COMPANY PROFILE

"Creative instinct is inbuilt, it cannot be fabricated.
An artist observes in depth and sees from the angle
that people normally overlook."

About MK Artwork

MK Artwork offers effective branding and design solutions that are backed by research, exploration and brainstorming to attain your branding goals. We create brands and help you win new and existing clients, stay ahead of the competition, engage your target audience, improve and maintain relationships and give an effective media exposure.

We bring your brand vision to life by challenging our creative reach and exploring your needs deeper.

“We design experiences that get imprinted in the minds of your target market.”

Some of the clients who we worked for:

“Our triumph is our contented clients that return to us.”

Packaging
Ads design*

Graphic designing needs creative direction in line with your brand strategy.

“Through our designs, we communicate the unique story of your brand that inspires and engages your audience.”

Photography & Videography

A picture speaks a thousand words - express who you are and what you offer with professional images. No matter how remarkable your products are, if their photos are not professional, they will not grasp the attention.

Professional pictures are your multipurpose asset which can be used in brochures, leaflets, promotional collateral, websites and social media.

Professional videos are becoming a mega trend in marketing and offer the best ROI that's why they are worth investing in.

The natural way of cleaning

Hard floors can be really difficult to clean. Thankfully BISSELL® is two steps ahead by offering a complete range of hard floor steam cleaning devices. Without using harsh chemicals, you can clean and sanitize floors by using just water and a microfibre pad. BISSELL® also gives the unique ability to vacuum and clean hard floors at the same time!
